NEW WORK AT W. T. DRAWS RECOGNITION

Smithsonian Institute Is Anxious for New Chair

DORMITORY IS UP

J. E. Hill Makes Trip To Washington For Colleges

Officials of the Smithsonian Institution in Washington believe the West Texas State Teachers College in Canyon should have a chair of archaeology and paleontology.

John E. Hill, who recently returned to Amarillo from Washington, reported he had talked to Dr. Walter Hough, curator of the Institution's division of archaeology, and to F. M. Setzler, assistant curator, about the proposal. A resolution was adopted April 13 by the Panhandle-Plains Historical Society, meeting in Canyon, asking the board of regents of the Texas State Teachers Colleges to establish the division of archaeology and paleontology at the Canyon college, in connection with the new museum there, and in light of the extensive work being done here in these sciences.

"Mr. Setzler, who has been in charge of excavations in the Big Bend country, was enthusiastic over prospects for such a chair at Canyon," Mr. Hill said. "He told me that interest in archaeology had grown rapidly in the Southwest, and that the work being done in the Panhandle-Plains area in uncovering evidences of old civilizations has been extremely valuable.

"Dr. Hough, who has kept up with the progress of the Panhandle-Plains Historical Society Museum, had high praise for the institution and the way it is conducted."

Mr. Hill explained that, while the Smithsonian Institution would have no direct connection with the proposed new division at Canyon, the government institution often aids in directing such archaeological work as is being carried on here, and has a direct interest in all archaeological activity in the country.

Studer is Lauded

"Floyd Studer of Amarillo, the 'daddy' of archaeology and paleontology in the Panhandle, enjoys a fine reputation among these experts," Mr. Hill declared. "Dr. Charles W. Gilmore, in charge of preparation of vertebra displays in the U. S. National Museum, told me that Mr. Studer is the most

District Christian Culture Institute Will be Held Here

More than 100 young people from the Amarillo district of the Methodist church will gather here Friday for the annual District Christian Culture Institute. The work will continue until Sunday morning.

Six courses will be offered for credit work during the institute. Instructors will be Miss Moss Richardson, Miss Ruth Lowes, George Terry and Rev. J. O. Quattlebaum, all of Canyon; Mrs. R. N. Huckabee and Phillip Lautz of Amarillo.

Programs will be given at the Methodist church Friday night and Saturday night which will be of interest to the public.

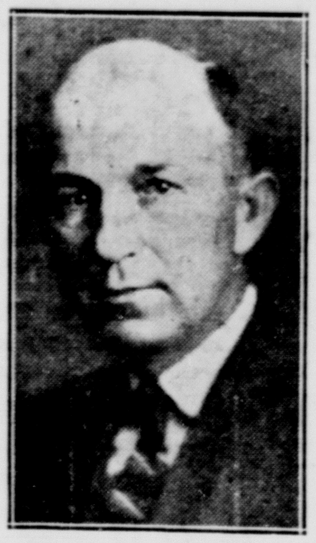
The program will close Sunday morning.

Fire Chief Gives Talk Tuesday, to Hereford, Canyon

Members of the Hereford and Canyon fire departments were instructed Tuesday night at the Legion Hall by Chief Frank Williams of A. & M. College on various new methods of fire fighting. Mayors and members of the City Commission of both Hereford and Canyon joined with the firemen in the meeting. Various types of fire drills were put on by Chief Williams for the instruction of the men.

Following the instructional period, sandwiches and coffee were served as refreshments.

Sen. Clint Small Opens Campaign at Mexia Last Friday



SENATOR CLINT SMALL

Declaring that the ad valorem tax must be reduced and a new system of financial administration established in Texas, Senator Clint C. Small, Friday opened his campaign for the nomination for Governor in the July Democratic Primaries with a ringing declaration for the creation of a new law enforcement system as a challenge to organized criminal terrorism in Texas.

Proposals made in his platform include: Economy as far as possible without crippling the vital functions of the State; Home Rule jointly for Cities and Counties; the creation of a pardon bord with full power to act and a strict limitation on the issuance of pardons and paroles; State leadership in justice to labor in the fixing of hours and wages for State employees; no diminution in the funds for the building of highways and extension of highways to the rural sections of the State; a new commission to have entire charge of the natural resources of the State; placing of the control of utilities in Texas under the State Railroad Commission.

Culvert Work Is Nearly Complete to Palo Duro Park

Practically all of the work on the culverts of the Goodnight Trail has been completed. By the middle of next week all work will be finished excepting the bridge over Tierra Blanca creek. It will require another month to complete this work.

Resident engineer E. H. Gohmert has recommended that the topping of this road be done by contract owing to the uncertainty of labor in connection with the relief rolls.

A meeting was called in Amarillo for Monday and attended by all highway officials to plan the relief program for the Panhandle in spending the special fund set aside by the President for this section. No member of the State Relief Commission showed up, and the meeting was transferred to Austin where it is hoped that some settlement will be made in order that road work may be started.

Completion of the Goodnight Trail is the most urgent work in Randall county, owing to the fact that the caliche is rapidly being lost in the heavy traffic.

Glen Costley Is Accidentally Shot When Gun Dropped

Glen Costley was in the hospital from Thursday evening until Tuesday as the result of an accidental discharge of his gun, the bullet going through the fleshy part of his right leg above the knee.

Mr. Costley and E. J. Dunn were shooting jack rabbits near the W. R. Adcock place Thursday evening. A flat occurred on Mr. Dunn's car and they started to change tires. Costley was getting the tools from under the back seat when his gun fell from the holster, causing the discharge, the bullet going through his leg and out through the top of the car. Mr. Adcock assisted in changing the tire, and Mr. Dunn took Glen to the Amarillo hospital.

BRADFORD'S CAR STOLEN DURING LAST NIGHT

Henry Bradford's new Chevrolet sedan was stolen last night. The license number is 817-594 and the motor number is 3872280. A reward of $100 is offered by Mr. Bradford and Sheriff Bob Barnett.

The lock on the garage was broken.

COMPANIES TO REMAIN FOR 10 DAYS AT PARK

Ordered Tuesday to Extend Stay Beyond May 2

CABINS STARTED

Ayers Is Transferred To Longhorn Cavern Project

Authority was received Tuesday for all CCC companies to remain at the Palo Duro State Park until May 12th. The original order was for Companies 1824 and 1829 to leave on May 2nd. May 12th has been set for the cornerstone laying on the lodge, and by that time, much progress will have been made on the first story of the building.

W. F. Ayers, superintendent, has been designated as superintendent of the Longhorn Cavern near Austin and was ordered to report there May 1st. Mr. Ayers came here in December and has been in charge of the road construction, and completion of the dam. The later work has been held up until cement is received. Mr. Ayers states that he regrests very much to leave the Palo Duro, which he believes has the greatest possibilities of any Park in the State.

Major E. A. Kingsley and Guy Carlander have been designated as the two superintendents to carry on the work after the two companies are moved.

Work was started Tuesday in building a telephone line from Canyon to the Park. The citizens of Canyon donated the material for the line, and CCC men are doing the work.

Work has been started on a number of cabins for the "Cow Camp," the designation for the group of cabins at the lower end of the Park. A water line is being run to this site from Tubb Springs. Many demands have been made for camping facilities by tourists, and it is believed that the cabins will be kept filled through the summer months. It is likely that tents will be made available for those who cannot be accomodated with cabins.

Major Kingsley has received orders to do some work at the Palisades in using up the unexpended balance set aside for this park. A concession house will be erected, trees planted, and the dam completed. Cattle guards are being put in from the Goodnight Trail in order to transport the men from the Palo Duro to the Palisades.

Mrs. Dorrell Jones and two children of Decatur are visiting relatives in Canyon. She is the granddaughter of Sam Bellah.

T. F. Reid Was 90 Years Old on Tuesday, April 24

T. F. Reid celebrated his 90th birthday Tuesday of this week, making the second honored citizen of Canyon to reach this age. The 90th birthday of W. F. Heller was celebrated on March 29.

Mr. Reid is in surprisingly good state of health, and able to walk from his home to town every day, looking after business interests. Poor eye sight is his major physical defect. He lost the use of one eye a few years ago.

Mr. Reid was born in Georgia. He served in the Confederate Army practically the duration of the war under General Forest of the 5th Alabama Cavalry.

He came to Texas following the war and settled in Dallas county. He joined the Masonic Lodge 66 years ago in a little school house near the city of Dallas. It is likely there is no man in Texas who has been a member of the Masonic lodge longer than Mr. Reid, at least none who has been more active in the support of this fraternal organization. He has attended its meetings regularly, and taken an active part in its ceremonies until the last few years.

Mr. Reid came to Canyon with his family 34 years ago. He was active in the development of the county, and served for a number of years as a member of the city council.

Mr. Reid is an active member of the Presbyterian church and has served as an elder in the church for many years. His influence has always been given to the church, and for the program of the church.

Mrs. Reid died in 1922. Ten children were born to Mr. and Mrs. Reid, seven of whom are living. T. M. Reid is the only one of his children who resides in Canyon.

Other children are: Mrs. G. H. Glinn, Hereford; W. M. Reid, Jaskson, Tenn.; Mrs. J. W. Loftin, Beaumont; Mrs. Fred Reese, Long Beach, Calif.; S. B. Reid, Dallas; E. W. Reid, Dallas.

Walter Dyer, Oldest Cowboy, Died at Amarillo Home

Walter Dyer, oldest T-Anchor cowboy, died Saturday at his home in Amarillo. He was a brother of Mrs. Charles Goodnight, and had been a resident of the Panhandle for 60 years.

Mr. Dyer assisted in building the T-Anchor ranch house in 1878, which is the oldest building in this section of the Panhandle. It is on the College Farm.

Mrs. J. M. Conway of Iowa Park is visiting her daughter, Mrs. Henry Campbell.

H. K. Stanfield Is Candidate Re-Election Representative

H. K. STANFIELD

The News is authorized to announce the name of H. K. Stanfield of Amarillo as a candidate for re-election for a second term as State Representative from the 123rd District composed of Oldham, Deaf Smith, Randall, Armstrong, Carson, and Potter Counties. Mr. Stanfield is the present incumbent in this position, having served only one term, and, during his service at Austin, has come to be recognized as one of the leaders in the House of Representatives. Newspaper dispatches from Austin have frequently mentioned his activity in connection with legislation, and consistently indicate that he has been a leader in striving to pass legislation beneficial to this part of Texas. Mr. Stanfield received nation-wide publicity upon his refusal to accept shoe-shines and newspapers paid for by the State of Texas.

Mr. Stanfield issued the following statement:

"In announcing for re-election for a second term to the office of Representative from the 123rd District, I wish to express my deep appreciation for the wonderful support which I have received at the hands of the voters of this District in the Primary and General Elections in 1932. I have at all times attempted to justify the faith of the voters in me by working hard at my job and by representing the views of the people of this section of the State in the House of Representatives to the best of my ability. The facts are that a man always has to work very hard in Austin to get any appreciable consideration at all from our section of the State.

First Canyon Newspaper Man and Wife Die at McAlester,

Mr. and Mrs. John Edgell died recently at their home at McAlester, Okla., with 36 hours of each other. A double funeral was held for the couple. Pneumonia was the cause of both deaths.

John Edgell was the first man to start a newspaper in Canyon. He started the Canyon City Echo in 1889, continuing here until 1892 when he sold the paper to L. G. Conner for his brother-in-law, J. B. Younger.

Many of the old time citizens of Canyon will recall Mr. and Mrs. Edgell.

Mr. Edgell started the first Republican newspaper in Oklahoma. He continued in the printing business until his death.

The 54th wedding anniversary would have been observed in a few days if the couple had lived.

State Instructor of Firemen Gives Talk to Luncheon

State Instructor of Firemen Frank Williams of A. & M. College was the speaker at the Rotary luncheon Tuesday. He was introduced by Frank Hicks, Canyon Fire Chief.

Mr. Williams stated that the fireman's school had saved the policy holders of the state 3% in the 130 towns taking advantage of the short course offered. This meant $42,000 saving last year. Mr. Williams' work is to make an inspection of the fire equipment in the various towns, and to assist the local departments in their work.

As a result of courses on fire prevention, fire drills, more efficient equipment, fire losses are being reduced over the state.

The following members of the Canyon fire department were present: Frank Hicks, Ray Campbell, Roscoe Davis, Clyde Davis, Geo. Farlow, Lige Frieze, Robert Foster, Wes Kleinschmidt, Terry Mayben, Burt Newlin, Carl Scott, Felix Pierce, Clarence Thompson, Donald Trolinger, E. Burroughs.

Mayor C. R. Burrow, Commissioner W. S. Amend, Clerk Harvey Cash and J. J. Walker were guests of the Firemen.

Other guests were, B. E. Masters, C. W. Smith, J. D. Thompson, R. E. Townsend, Jess Sanders and Price Hooks of Amarillo, and J. W. Shanklin of Canyon.

President Vet Ingham announced that Canyon was second in the 41st district last month with an attendance of 99.27%.

Marion Bishir announced the nominations for the coming year, and the annual election will be held next Tuesday.

Joe Hill highly praised the efficiency of the local fire department, classing it among the best in the state. The department has quickly extinguished two fires at his home in the past 14 years.

Named Dean Women in New Mexico College at Portales, N.M.

Miss Thelma Brummett has been eelcted Dean of Women of the new teachers college which will open in June at Portales. Miss Brummett was formerly private secretary to Dr. J. A. Hill, and has been connected for a number of years with W. T. She recently resigned to accept insurance work.

Floyd Golden, another W. T. graduate, is dean of the new college.

Miss Brummett stated yesterday that she expected to resign the position with the new college, as she has been made district manager for her insurance company.

Dallas Men Will Visit Canyon on Saturday, May 12

A train load of Dallas business men will visit Canyon from 12:10 to 1:10 on Saturday, May 12th.

The train will come up the Denver, and go south on the Santa Fe.

An invitation has been extended the Dallas party to make a short visit to the Palo Duro State Park, but a reply has been received that the short time in Amarillo and Canyon will prohibit the proposed visit to the Park.

APRIL 30 IS SET FOR DAY OF CLOSING

Farmers Called Upon To Make Seed Loan Estimates

BLANKS AVAILABLE

County Agent Will Assist Farmers In Making Application

Farmers desiring seed loans must make application on or before April 30th. Definite instructions were received last week at the office of County Agent W. H. Upchurch that the seed loan period would close on that date unless a special order was given from Washington at the last minute.

Many farmers were under the impression that applications for seed loans must be made through a new loan agency recently established in Amarillo. However, this is a mistake, as seed loans will be made to the farmers along the same line as the past two years.

Not so many applications as usual have been received, but it is expected that the order closing the date for application on April 30th will bring in many applications before Monday night.

Farmers needing seed loans should see Mr. Upchurch, at whose office the forms will be completed. The local loan committee is composed of W. C. Black, T. C. Thompson and R. O. Allison.

Randall county farmers have an excellent record in the repayment of seed loans, and it is believed that most of the applications received by the committee will be passed by the government.

Post Office Is Observing Early Closing Hours

Starting yesterday afternoon the Canyon postoffice began to close the windows at 5:00 o'clock instead of at 6:00 o'clock.

Authority was received from the postoffice department to observe the earlier closing hours in keeping with the movement over the nation for all business firms to shorten their business hours.

Senior Play Is Given Tuesday at College Auditorium

Ten Canyon young people were members of the cast of the Senior play which was presented at the Education auditorium Tuesday night. They were Charles Donnell, Robert Rowan, Melva Gamewell, Juanita Campbell, Ethel Brasuel, L. G. Harris, Bettie Sternenberg, Ray Crowder, Wendell Cain, and Lois McCaslin.

The play, "The Gossipy Sex," by Lawrence Grattan, was pronounced by the audience which crowded the auditorium to full capacity, the best in many years.

Fine work was done by each player, with Robert Rowan, as the inveterate gossip, Melva Gamewell, as the distressed wife, Charles Donnell as the young husband, and Bettie Sternenberg as the bride, being especially excellent in their difficult parts.

Alton Brown of Rochester, Alene McCollum of Amarillo, Ramon Williams of Amarillo and Alfred Duncan of Pampa were other members of the cast. Many people considered Ramon Williams' portrayal of the eccentric poet the best in the play.

Miss Mary Morgan Brown directed the production with Inez Ridling and Lois McCaslin as assistant directors, Charles Donnell as technical director, Ray Crowder as stage manager and C. W. Batchelder in charge of make-up. Properties were furnished by Thompson Hardware Company, Cousins Hall, and Cunningham Floral Company of Amarillo. Miss Royce Park of Nara Visa, N. M., a member of the freshman class, furnished incidental music during the very short intervals between curtains.

In the war against crime and the daring gang of criminals, it becomes more and more evident that Texas must revamp its police system. The ranger force, the terror of all criminals, is too small in numbers; the highway patrol is under a different head, and therefore not at the beck and call of the rangers. The average police force is not adequately trained to cope with the daring bandit. Thousands of dollars are being spent to maintain an antiquated system, attempting to cope with criminals equipped with all of the modern devices of crime, and having the advantage of fast cars, and aided by friends in every large city in the nation. Some of these days the public will awaken from its foolish maudlin dream of sympathy for the criminal and demand that this undesirable class pay for the increasing offense against society.

Senator Small opened his campaign for Governor Friday. His was the only opening speech which was covered by staff correspondents of the major daily newspapers of the state. The other five candidates have not attracted so much attention from the big newspapers of the state. Favorable editorial comments has been numerous with prediction that Clint Small was to be reckoned with during the campaign. No candidate for governor received half so many telegrams upon the occasion of his opening speech, and none has received the open support of so many prominent leaders in all sections of the state as is Senator Small. The campaign is on; from now until July 28th the voters of Texas will have an opportunity to hear and see the candidates as they present their views.

Passage of the Bankhead bill probably means that the government is embarking upon a permanene program of farm produce control. Incidentally all of this means a step toward conservation of soil, which is so greatly needed in a new agricultural country like the Plains. While the American people have been reared to believe that this was a perfectly free country, they are finding more and more that a strong central government is being built up which is going to control more and more the every day life of each and every citizen.

If Clint Small is elected Governor, he proposes to keep the murderers and robbers in the penitentiary until their sentences are completed. It costs the state thousands of dollars to land a man behind the bars. For a governor to issue a pardon as soon as the law gets the criminal behind the bars is no method of protecting society. There has been too much sentiment in favor of the criminal; too little attempt on the part of society to protect itself against crime and the criminal.

The flies are again with us. Last year it seems that certainly no place on earth had so many flies as Canyon. City officials are determined to decrease the fly population by demanding that a clean up be made of all cow lots before the first of May. A liberal use of lime is demanded in order to reduce the fly breeding places. Let the good work of cleaning up, and keeping clean continue throughout the summer.

While President Roosevelt has stated he will not take a hand in Texas politics, it was very evident to the 125 Texans who greeted him at the White House last week that Senator Connally is favored by the President over Representative Joe Bailey. Political writers in Washington who were present at the reception were not misguided by the friendship expressed by the President for Senator Connally.

A Dallas pastor tried something new last Sunday. He told his members to attend some other church, and for each to send a visitor in his place. Canyon pastors would be surprised if their regular members attended their own church every Sunday.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of April 23, 1909)

A joint meeting of Canyon and Amarillo citizens was held in Amarillo, the Canyon delegation asking Amarillo citizens to assist in getting the location of the new normal college at Canyon. Mayor J. N. Haney, Judge C. Eakman, A. S. Rollins, and Dr. S. R. Griffin presented the claims of Canyon. Amarillo citizens who approved the movement were H. P. Sanborn, Thos. F. Turner, J. L. Penry, P. E. Boesen, C. B. Pash, L. B. Mitchell, H. A. Nobles, O. M. Eakle, W. B. Patterson, Will A. Miller, Jr., and D. W. Owen.

Canyon's volunteer fire department was organized with the foling officers: A. M. Smith, chief; Joe Foster, T. V. Reeves, R. H. Sanford, O. N. Gamble, Geo. Hutchings, W. J. Flesher, E. C. Brown, Everett Haney, assistants; W. E. Lair, secretary.

The two year old daughter of Mr. and Mrs. J. M. Craig died.

Mrs. W. L. Garner died suddenly at the family home.

State Representative J. R. Bowman of Amarillo made a statement as to why the new normal college should be located on the Plains.

The first ocean to ocean automobile race ever staged will be started from New York on June 1st.

A movement is proposed to ask the Santa Fe to build a new depot in Canyon.

R. A. Terrill, editor of The News, attended a meeting of newspaper men at Lubbock. In the organization it was proposed that all towns on the Plains ask that the new normal be located in the Plains territory.

KNOW THE TRUTH ABOUT MOTOR OILS—
Conoco dares to give you the facts!

Here are no idle claims—But PROOF!

COMPARE this positive proof of superiority with all the exaggerated claims you hear about motor oils—*now* the facts can be told. We arranged with the Contest Board, American Automobile Association, to test five widely-known and advertised motor oils along with New and Improved Conoco Germ Processed Motor Oil in a daring "Destruction Test."

These six oils, a single fill of 5 quarts, with no more oil added, in six brand new strictly stock cars, were driven until the motor in each car was destroyed from lack of lubrication. The first oil failed with motor destroyed at 1,713.2 miles—others failed in rapid succession. The best of the competing oils ran a total of 3,318.8 miles . . . while New and Improved Conoco Germ Processed Motor Oil lubricated its motor for a total of 4,729 miles! . . . more than 3,000 miles farther than the first oil to fail . . . and more than 1,400 miles farther than the second best oil. Thanks to Conoco's Hidden Quart protection, this amazing victory stands unchallenged!

This is evidence . . . these are facts . . . that should open a new era of results and economy for your motor. Drive into a Conoco Station or dealer—fill with this New and Improved Conoco Germ Processed Motor Oil. There's no longer any guess about what oil is best for your car!

Warning TO NEW CAR OWNERS

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market.

Protect your new car by using the motor oil you can be sure of.

Women Contribute to Exchange Recipe Column

"Please save a book for me," is the request coming in many times a week by Randall County's good cooks who are sending in their choice recipes for the column and cook book to be published in a few weeks. Every contributor will be given a book which will contain all the recipes of the column and additional ones for which there has not been room. Share your pet recipes with others and in return get one of the cook books.

RIPE OLIVE SANDWICHES
Mrs. W. G. Harris

Stone sufficient ripe olives to make ½ cup. Chop with 1 green sweet pepper, seeded. Blend with cream cheese and thin to a paste with French dressing. Spread on thin slices of buttered rye bread.

DATE BREAD
Mrs. W. E. Miller

1 pkg. dates
1 tsp. soda
1 cup boiling water
½ cup brown sugar
2 cups flour
½ cup nuts

Sprinkle soda over chopped dates. Add boiling water, then other ingredients. Bake in a moderate oven.

DENVER BISCUITS MARSHMALLOW SALAD
Mrs. Edna McMillan

4 oranges
2 bananas
1 cup marshmallows
1 cup grated cocoanut
¾ cup cream
2 egg yolks
2 tbsp. sugar
2 tbsp. lemon juice
Sprinkle salt.

Cut oranges in sections, slice bananas, cut marshmallows. Mix with dressing made by scalding cream, adding beaten egg yolks mixed with sugar. Add lemon juice and salt. Serve with cocoanut.

VEGETABLE JELLY
Mrs. John Jennings

2 cups medium shredded cabbage
1 medium sized slice of onion, shredded
¼ cup vinegar
½ tsp. celery salt
¼ cup water
2 pimentos or green peppers, cut fine
¼ cup brown sugar
½ tsp. salt
½ tsp. mustard seed
1 tsp. granulated gelatin

Put gelatin in small bowl, add the cold water and set in a vessel of hot water to dissolve gelatin. Mix the sugar and vinegar and seasoning, add to the dissolved gelatin and mix with the shredded vegetables. Place a smooth mold in ice water, decorate the sides with figures cut from pimentos, dipping the pieces in a little of the disolved gelatin. When firmly attached, put in the vegetable mixture and set on ice to harden. This may be kept for two days.

Mrs. A. C. Donnell

1 qt. milk
1 cup sugar
1 cup lard (or lard and butter mixed)
1 cake Fleischman's yeast
Flour
2 tsp. baking powder
1 tsp. salt
1 tsp. soda

Scald milk. Add sugar and lard. When cool, add yeast cake which has been dissolved in cold water. Then add enough flour to make a batter as for cake dough.

Let rise about two hours in warm place, then to this add soda, baking powder and salt and enough flour to make a stiff dough as for light bread.

Keep in refrigerator or in cool place. Roll out and cut as for biscuits, greasing both sides and allowing to raise 30 minutes before baking.

COTTAGE CHEESE SALAD
Mrs. A. A. Walker

1 cup cottage cheese
1 cup broken pecan meats
1 cup whipped cream
Salt to taste

Place on ice until thoroughly cold. Serve on lettuce leaves with mayonnaise dressing. Garnish with stuffed olives cut in half.

GREEN PEPPER PINEAPPLE SALAD
Mrs. Norval Dickerson

Select 3 firm green peppers, remove the seeds and stuff with the following ingredients which have been mixed:

2 pkgs. Philadelphia cream cheese
½ cup crushed pineapple, drained
1 pimento, cut very fine
2 tbsp. pecan meats chopped fine
1 tsp gelatine.

Mix the cream cheese, the pineapple, the pimento and nut meats. Soak the gelatine in 2 tsp. of the pineapple juice and dissolve over hot water. Add this to the pineapple mixture, fill the pepper shells and set on ice to harden. Cut the peppers crosswise into thin slices, using very sharp knife. Serve on lettuce leaves with mayannaise.

WHITE SALAD
Mrs. V. L. Briscoe

1 qt. very finely shredded cabbage
1 cup blanched almonds
2 cups marshmallows
1 cup pineapple
Whites of 4 eggs beaten stiff
½ cup sugar
4 tbsp. vinegar
1 pint of cream
Juice of 1 lemon
1 tbsp. flour.

Put cabbage head in cold water one day before using. Shred very fine; wrap in towel and place in ice box or cool place until used. Drain pineapple over night. Make dressing of lemon juice, sugar, flour and vinegar. Boil as for icing. Pour over egg whites and whip. Add whipped cream and mix with cabbage and nuts just before serving.

EGG DUMPLINGS
Mrs. Herman Mitchell

2 cups flour
2 tsp. baking powder
½ tsp. salt
1 egg
½ cup water

Sift dry ingredients together. Beat egg light and add water. Mix with flour, using spatula. Have broth for dumplings boiling. Drop in dumplings with a teaspoon, letting them rest on the meat. Cover tight and boil gently for 20 minutes without lifting the cover.

DRESSING FOR MEDIUM SIZED TURKEY
Mrs. J. W. Atkins

7 or 8 medium sized potatoes, boiled and mashed
½ lb. hamburger meat
1 green pepper
¼ cup raisins
1 cup bread crumbs
¼ tsp. anise seed
¼ tsp. mace
1 small onion
Salt and sage to taste
¼ lb. nuts.

Fry hamburger and onion, chop pepper and mix with other ingredients. Stuff the turkey, sew up and bake.

TAMALE LOAF
Mrs. E. E. Chamness
(Serves 4)

1 cup cream of wheat (prepare as for breakfast cereal)
1 cup chilli, either canned or brick
½ cup red beans, cooked.

Line baking dish with mush of cream of wheat and then make a mixture of chilli and beans. Pour into baking dish. Cover with bread crumbs and sprinkle with paprika. Put in oven and brown.

HAMBURGER PIE
Mrs. Roscoe Davis

1 lb. hamburger meat
1 medium onion, chopped
1 cup catsup
1¼ cups hot water
½ tsp. salt
12 small unbaked biscuits

Mix the hamburger meat, onion and salt together and fry in 1 large tbsp. shortening until done, stirring often. (About 20 minutes). Then add catsup and hot water. Put this into a baking dish and place the unbaked biscuits over the top. Cook in a moderate oven until the biscuits are done.

TURNIP CUPS
Mrs. W. W. Richeson

Select turnips of equal size. Pare. Cut thin slice from top so turnip will stand when inverted. Parboil in salt water. Drain. Begin at bottom and hollow out each to form a cup. Combine the portion removed with chopped left overs of meat, cheese or fish. Season to taste. Place in baking pan, moisten with milk and butter. Bake in moderate oven about 25 minutes.

Good with roast beef or mutton.

BAKED BEAN AND BACON CASSEROLE
Mrs. J. H. Cox, Jr.

2 onions
3 tbsp. butter
1 medium can Heinz oven baked beans
¾ cup grated cheese
½ cup fine fresh bread crumbs
6 bacon slices

Cook the onions, chopped finely in 2 tbsp. butter until they are tender and golden brown in color. Then add the beans and combine well. Arrange beans in alternate layers with the grated cheese in a greased casserole. Have a layer of mixed beans on top, then top this with the bread crumbs mixed with remaining butter. Arrange bacon over top and bake in a moderate oven for 30 minutes.

CHEESE
Mrs. Edith Carter

3 gallons clabber
1½ tsp. soda
½ cup butter
2 tsp. salt
3 cups sour cream
⅓ cheese coloring tablet

Cook the clabber to just below the boiling point. Strain out whey, squeeze curd as dry as possible with the hands. Mix with the soda and butter. Set aside for 2 hours. Put curd in sauce pan and add salt and cream. Add coloring tablet and cook over slow fire until curd is melted, stirring constantly. Pour into mold and set aside to cool. The cheese is ready for use in 24 hours, but it is better to let stand for several days.

LUNCHEON MACARONI WITH HAM
Mrs. A. E. Wise

2 cups macaroni
1 cup raw or cooked ham
2 tbsp. flour
2 cups milk
½ cup grated cheese

Cook the macaroni in boiling, salted water; drain, pour cold water through it and place in a buttered backing dish. Put the ham through a food chopper and heat in frying pan. Add the flour and milk to this gradually, stirring constantly until it has boiled thoroughly. Pour the mixture over the macaroni and add the grated cheese. Bake in a hot oven for 15 minutes.

CANDIED APPLES
Mrs. H. W. Burrus

12 medium apples
2 cups sugar
1 cup cold water
1 small handful red hots
½ stick cinnamon, broken fine
12 pecan halves.

Mix water and sugar. Stir well. Heat to boiling point and boil rapidly 20 minutes or until it begins to foam. Add cinamon and red hots; stir until red hots are dissolved. Core apples before peeling and drop into syrup. Cook rapidly 10 minutes. Let cool.

Place on lettuce leaves and partly cover with whipped cream and top with pecan halves.

GINGER-ALE SHERBET
Mrs. Jay Prichard

1 No. 3 can pears
1 No. 2 can crushed pineapple
Juice of 2 lemons
2½ cups sugar
1 pint ginger-ale

Press the pears through a sieve. Mix with other ingredients, stirring well until sugar is dissolved, then freeze.

Other fruits that combine well are apricots and bananas.

GRAPE JUICE PIE
Mrs. Ed Phillips

2 cups grape juice
1 heaping tbsp. corn starch
½ pt. whipping cream, whipped stiff
1 tsp. Knox gelatine.

Add sugar to suit taste if grape juice is unsweetened.

Bring grape juice to a boil and then dissolve the corn starch and gelatine in a little water. Add grape juice. Let cool, then whip in the whipped cream. Put in baked pie shell. Serve cold.

PUMPKIN PIE
Mrs. Nellie Edwards
(Makes three pies)

1 No. 2 can pumpkin
2 cups sugar
2 cups sweet milk
4 eggs
½ cup brown sugar
1 tbsp. cinnamon
1 tbsp. nutmeg
¼ lb. butter
Nuts if desired

Cook all ingredients together until the color changes. Then put the filling in cooked pie crusts and bake in moderate oven a few minutes until the custard settles.

Serve with whipped cream.

LEMON CREAM PIE
Mrs. J. M. Craig
(1 pie)

1 cup sugar
3 egg yolks
1 tbsp. flour
1 cup fresh rich milk
Rind and juice of 1 lemon

Mix sugar and flour together. Cream together slowly with yolks. After creaming, add milk. Lastly add rind and juice of lemon. Pour in unbaked crust and bake until set. Oven temperature, 375 degrees.

DATE PIE
Mrs. J. S. Harrison
(one pie)

4 eggs
2 cups sugar
½ cup butter
1 cup dates, pitted and chopped
1 cup chopped pecans
1 tsp. each of cinnamon, allspice, vanilla and vinegar.

Cream yellow of eggs, butter and sugar and add the dates, pecans, flavoring, and vinegar. Beat egg whites light and add last. Pour in an unbaked pie shell and cook in moderate oven.

Cover with whipped cream before serving.

MINCEMEAT COOKIES
Vera Mae Carter

½ cup fat
1½ cups sugar
2 eggs
1 tsp. salt
½ cup sour milk
1 tsp. soda
3 cups flour
1 tsp. cinnamon
½ tsp. cloves
½ tsp. nutmeg
1 cup mincemeat

Cream fat and sugar. Add well-beaten eggs, salt, sour milk into which has been stirred soda. Sift flour with cinnamon, cloves and grated nutmeg. Add flour to other mixture and stir just enough to mix. Add mincemeat. Drop from teaspoon on greased pan. Bake in slow oven.

BANANA CAKE
Mrs. Floyd Tomlinson

1½ cups sugar
¾ cups shortening
2 eggs
1 cup mashed bananas
4 tbsp. sour milk
1 tsp. soda
2 cups flour
¼ tsp. vanilla

Cream sugar and shortening; add the eggs, beat well and add the bananas. Add the milk which has the soda in it. Then flour. Bake in moderate oven in layers and cover with plain icing.

RAISED DOUGHNUTS
Mrs. Ed Reynolds

1 cake Flieschman's yeast
1¼ cups milk, scalded and cooled
1 tbsp. sugar
¼ tsp. salt
¼ tsp. mace
4½ cups sifted flour
1 cup sugar
3 tbsp. butter
1 egg

Dissolve yeast and 1 tbsp. sugar in luke warm water, add 1½ cups flour and beat well, cover and set aside to rise in warm place for about one hour, or until bubbles begin to burst on top.

Add to this the butter and sugar creamed; the mace and egg well beaten. Add the remainder of flour and salt. Knead lightly—let rise for about 1½ hours. Work and roll; cut out with doughnut cutter. Let rise for 15 minutes. Fry in deep fat.

For frosting:

2 cups sugar
½ tsp. vanilla
1 cup cream

Cook until soft ball forms when tested. Beat well and dip doughnuts.

SUGAR COOKIES
Mrs. Alfred Bellah
(three dozen)

⅔ cup butter or ½ cup other shortening
1½ cups sugar
3 eggs
1 tsp. vanilla
1 tsp. lemon extract
1 tsp nutmeg
¼ tsp. salt
3 cups flour
1 tsp. baking powder

Cream butter and sugar. Add eggs and beat 2 minutes. Add rest of ingredients, mixing lightly. Drop portions from tip of spoon onto greased baking sheets and flatten down. Bake 10 minutes in moderate oven.

YELLOW ANGEL FOOD CAKE
Mrs. W. E. Laughery

1½ cups sugar
¾ cups water
1¼ cups flour sifted 5 times
1 tsp. cream tartar
6 eggs
1 tsp extract

Boil water and sugar until it spins a thread. Add whites of eggs (beaten stiff) and cream of tartar. Whip egg yolks until thin. Add to other mixture. Then add sifted flour and extract.

Wet stem cake pan with cold water before pouring cake into it. Bake 1 hour at 350 degrees.

Queer how a fellow's income never quite measures up to the other fellow's conception of its size.

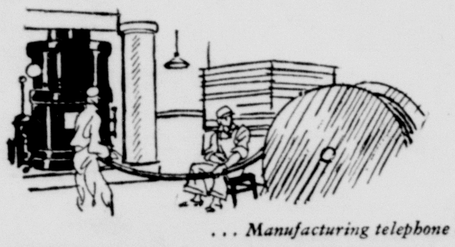
begins where your Telephone is made

The men and women who furnish your telephone service here could not do their job so well without the help of Western Electric Company, supply unit of the telephone service.



. . . Manufacturing telephone cable

SKILLED workmen at the lathes and furnaces at Western Electric Company turn raw materials from the far corners of the world into the 100,000 delicate parts and appliances needed for the telephone service.

These parts are sold to the 24 operating companies of the Bell System . . . of which the Southwestern Company is one . . . at a cost that, as a proven fact, is below what they would have to pay in the competitive market.

Western Electric, the purchasing and manufacturing agent of the Bell System, is one of a specialized group of organizations that plays an important part in giving *you* good telephone service at a fair cost.

This policy has been chosen deliberately as the course that will in the long run prove soundest for the telephone company. We believe that in an organization planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the surer, more certain success.

Match the Performance of the FORD V8 for 1934 against *any* Car at *any* Price

THE car that flashed down a Florida beach to the world's land speed record was powered by the V-type engine.

The V-type engine knifed an Italian plane through the air at the record-smashing speed of more than 420 miles per hour.

On the St. Clair River, the V-type engine swept a speed-boat to the world's record of 124.8 miles per hour.

And that's the type of engine that powers the Ford V-8 for 1934. It's the *only* V-8 engine in a car selling for less than $2,545.

That's why the Ford V-8 will streak down a highway at 80 or better. That's why it will purr along at 50 or 60 without the slightest effort. And why it is unsurpassed in acceleration by many high priced cars!

Despite its power, the new Ford V-8 is the most economical car that Ford has ever built.

The new Ford V-8 gives you the riding ease of free action for *all four* wheels—with the safety of strong axle construction.

Before you buy *any* car at *any* price, drive the new Ford V-8.

'Boost U. S.,' Pleads D A R Head at Convention

What America needs in these critical days is more boosts and fewer knocks, was the essence of a speech made by Mrs. William Russell Magna, inset, president general of the Daughters of the American Revolution, when she opened the organization's 43d Continental Congress in Washington. The convention is shown above in session.

CANYON GROCERY IS BURGALIZED FOR $13.45

The Canyon Grocery was burgalized last night, $13.45 being taken from the register.

No clues had been found this morning as the officers were investigating the case.

HAS SECOND FIRE

A second fire at the Dunaway place north of the railroad finished the remains of the residence Monday night. The house, occupied by the Platt, family, was wrecked by flames several weeks ago. The remains of the home caught on fire from burnish trash Monday evening, and all that was left of the former fire went up in smoke.

EPISCOPAL CHURCH

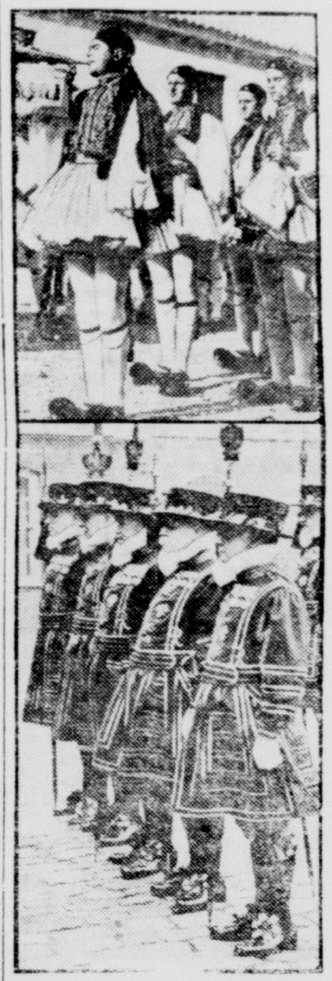
Next Sunday morning, April 29, at eleven o'clock, Rev. Warwick Aiken will administer the Holy Communion, at the Episcopal Church, and will preach a sermon appropriate to the fourth Sunday after Easter.

Everyone is invited to attend, and all baptized Christians, in good standing in their own churches, are welcome to the celebration of the Holy Eucharist.

There will be no evening service.

Mrs. D. M. Stewart returned last week from Dallas where she has been visiting the past few weeks.

They Are Not Easter Paraders



Anyone would love a parade if all the men taking part would wear colorful costumes like these. The picturesque soldiers above, with ballet-like costumes, are Greek Evzones, marching on their Independence day. And the men in gay regalia shown below are Yeomen Warders of London, England.

THE EAGLE'S TALE

VOLUME NO. 8 CANYON, TEXAS APRIL 26, 1934. NUMBER 32

CONE AND LISLE WILL CO-EDIT '35 EAGLE'S TALE

Since ol' Cal's been hangin' up there around C. H. S. so much lately I 'spected he was interested in some of them pretty gals. I'd heard him talk so much about. So the other day I followed him to school. When we passed Meyers park I saw a whole gang of good looking gals (boys too). Cal said they were Juniors from the ol' institution, out on a picnic. I tried to get him to stop, but he woldn't, so when he wasn't lookin, I slipped back. And did we have fun? We waded and ate and played games. You know that Bob Orton is nearly ready to be a cow puncher. He stopped and closed the gate for a car-load of them gals. If Hampton Lisle wants a recommendation to be a bottle opener, just ask him to call on ol' Cal's pardner. Boy! That sure is some peppy bunch. I forgot all about my rheumatism and played "Three Dutchman and Flying Deep" just like the rest of 'em.

Those kids up there sure have started sumptin new up there—"Hurray for the Eagles Tale," I sure am goin' to give a dollar jest like Cal did, 'cause I sure do want those reporters to have pins. An' I'd kinda like to wear one of them cute little tags.

Me and Cal went over to that 'zibit they had over there, and sure did see some purty things. Miss Clark sure had some art 'zibit in her room. But that ain't all the pretty things we saw. An' if I wasn't so old an' stiff I sure would start to school an' be a junior all over again.

CAL'S PAL.

P. S. I'll bet that half of that junior class will turn out to be presidents and athlets.

Prayer for Rain

A number of new books, purchased by the library, were received last week.

Most of the books are fiction, however, there is one autobiography, "The Education of a Princess" by Marie, Grand Duchess of Russia, and one civics book, "Cooperative Citizenship" by Arnold.

Among the new fiction books there are: "The Bent Twig," by Canfield; "Dear Senator," by Huston; "Marching On," by Boyd; "Precious Bone," by Mary Webb, "Stories of South America," by Brooks; and the "Black Arrow," by Robert Louis Stevenson.

There are three new literature books, "Tales From Shakespeare" by Lamb; "The Plays of J. M. Barrie," and "An Introduction to Spanish Literature" by Northup.

Steak Fry Held Members Of the Civics Class

Tuesday afternoon the civics class, supervised by Miss Ethleen Murrell, picnicked at the Upchurch farm, located northeast of Canyon.

The class gathered at 3:15 on the steps of the high school building and were conveyed by cars to the farm.

While most class members were enjoying various out door sports, the sponsor and the girls prepared the steak.

Other refreshments were: bread, pickles, cookies, potato chips, and ice cream.

Thelma Bryant and Robbie Foster went to Amarillo Saturday.

Foster, Plaster, Brian, Jennings Go To Austin

Having won the local rally, Rubye Foster, Dora Mae Plaster, Loura Ferne Brian, and Lena Wade Jennings will represent the Home Economics department in the State rally at Austin.

These girls entered four different fields of work, and their scores on all these was averaged; then the ones receiving the highest score in each class went to Austin.

Results of local rally:

First Year	Points
Rubye Foster	38
Marielle Oldham	26
Faye Plaster	9
Evelyn Cluck	8
Mary Collins	3
Second Year	
Loura Ferne Brian	34
Lena Wade Jennings	30
Lorna Cone	29
Third Year	
Dora Mae Plaster	36
Robbie Foster	29
Christine Shackelford	25

The Canyon girls can enter only six contests out of fourteen. The contests which the girls will enter are:

Rubye Foster: "Selection of Play Equipment," and "The Selection and Arrangement of Flowers."

Dora Mae Plaster: Party Costume.

Loura Ferne Brian: Judgment of Meal Service, and Selection of a Child's Play Suit.

Lena Wade Jennings: Planning a Company Dinner.

Lena Wade Jennings, who had the fourth highest score, went to Austin as the Club representative.

The girls winning second place in the local rally entered contests of the regional meet held at W. T. last Saturday. Marielle Oldham won first place in Selection of Play Equipment, and Lorna Cone won third place in Planning a Company Dinner, and third place on a Child's Play Garment.

Girl Scouts Leave For Camp Kiwanis Friday Evening

The Canyon High School and Grade School Girl Scouts directed by Miss Lois Goodrich and Miss Osce McCrerey will leave Friday, April 27, to go to Camp Kiwanis, the Amarillo Girl Scout Camp. They will return Sunday evening.

The Girl Scouts have made the trip possible by doing many money-making projects throughout the year.

The Woman's Legion Auxiliary will provide for the transportation to camp and back. There are about twenty-five Scouts and five counselors making the trip.

Music, Expression Department Give Costume Recital

Of course everybody knew that Canyon students are widely diversified as to types and natures, but who would have thought that here among the student body are found Japanese, Indians, Dutch, Italians, Gypsies, Spanish, Irish, Negroes, Chinese and Polish? But such is really the case, as evidenced in Tuesday night's recital of the music and expression departments. And in addition to all these foreigners, there were representatives of many different trades, and professions, such as sailors, gardners, clowns, hunters, pioneers, farmers, actresses, and just plain boys and girls.

Lorene Bessire, Mary Strain, Chris Wooten, Kate Eileen Donnell, Mary Collins, Kenneth Black, Jack Oldham, Gladys McBride, and Dell Bagley went on a picnic to the Palo Duro Canyon Sunday afternoon.

Frances Gill spent the week end in Umbarger visiting her family.

Musical Jubilee Tuesday Night

Friday night, April 27, at 8:00 in the High School auditorium, there will be presented the greatest, the most elaborate, musical jubilee ever assembled.

Never before has there been probably never after, will there be such a program of music as will compose the musical jubilee tomorrow night; never before has anybody gone so far to give you every class, color, and kind of musical entertainment. Singing. Dancing. Playing. You will hear and see them all tomorrow night. For the younger generation that likes jazz; for the people who love to hear the sweet music of some southern melody; for the cowboy who loves the lonely tunes of the cattle range; for the people who love classical music or military marches, there could be no program that would please them more.

Not only will there be every variety and type of music, but also every combination to play it. No band, no orchestra will play the same type of music; instead there will be a different band, a different orchestra for each number on the program. Cowboy bands, rhythm bands, military bands, you will hear them all.

E. C. Seaman Speaks to P. T. A. on Child And Community

At the regular meeting of the Parent-Teachers Association last Thursday night, Bishop E. C. Seaman of Amarillo spoke on "The Child and His Community."

Bishop Seaman was introduced by Mr. I. B. Carruth, superintendent of the school.

Dean Nichols gave a reading, "Aunt Cloe at the Telephone."

Mrs. Foster's ensemble, made up of Gladys McBride, Mary May Harrison, Lee Christine Cousins and Loura Ferne Brian, played "Stars and Strips Forever."

A large crowd was present at the meeting.

Following the P. T. A. meeting, each teacher showed an exhibit of the work done by her students this year. Among the many unusual displays in the grade school was the world map in Mr. Cleveland Jones' room. This map was made by the sixth and seventh grades. Pictures of the different races and the flag of each country was placed on the map.

Although there is not a special art teacher in the grades, there were many outstanding pieces of free-hand drawing and cut-out work.

The high school also had many outstanding displays. An unusual variety was shown in the manual training exhibit. Some of the things made by the manual training boys this year are: cedar chests, radio tables, lawn chairs, foot stools, medicine chests, chest of drawers, study tables, library tables, and book ends.

There were also many unusual designs in notebook covers shown in different rooms.

Juniors Attend Class Picnic at Myers Park

Did you see that group of thirty Juniors gathered in front of the high school Wednesday evening at 5:30? Fifteen minutes later all Juniors had disappeared; where had they gone?

These thirty Juniors, sponsored by Miss Clark went on a picnic to Myers Park. After walking, talking, playing, and hiking, the Juniors sat in a big circle and were served: Sandwiches, cookies, and bananas. Those who went on the picnic wish to thank two people, Miss Clark, for buying soda pop for the picnickers, and Mr. Myers, for letting the Juniors have their picnic in his park.

After the juniors had eaten their picnic lunch, more games were played. The picnic broke up about 8:00 p. m.

Miss Jewel Foster, who has been out of school with throat trouble, returned to school Tuesday.

Sewel Cox, Ed Brooks and Ray Miller went motorcycle riding Sunday afternoon.

Cactus Cal Appears In Person Before School Assembly

Mr. George Terry opened the regular assembly, Thursday, March 19th with the announcements of the week. The program, in charge of the Press Club, was the first event of an extensive program and campaign to raise money to buy The Eagles Tale staff pins as awards for their work.

To open the program, the editor-in-chief of The Eagles Tale, Robbie Foster, played a piano solo, "Harvest Moon." The next number was a reading, "So Was I," by Dora Mae Plaster. Vera Goodwin and Lelia Cooper, accompanied at the piano by Royce Park, tapped for the audience; all three girls were from W. T. S. T. C. "Fiddle and I" was sung by Mary Ella Davis, Rubye Foster, Thelma Bryant, Ruth McCrerey, and Kate Eileen Donnell; they were accompanied by Lorene Bessire on the violin and Loura Ferne Brian on the piano. Then came the big surprise: Cactus Cal came to visit C. H. S. in person. He gave a dollar bill to the Press Club to buy pins. When Cal left, Hampton Lisle, assistant-editor, introduced the tags for the Press Club, and a member from each class expressed the loyalty of his class to back The Eagles Tale by buying these tags and enabling the Press Club to buy pins this year.

Ten Inmates C.H.S. Stage Jail Break

Ten inmates of Canyon High School returned to their cells Friday morning at 11:33 o'clock after an unsuccessful jail break.

At 11:00 a. m. when the prisoners were changing cells, ten prisoners rushed out the north door and ran two blocks west where they were picked up about five minutes later by another escaped prisoner in an automobile.

The prisoners drove down main street to the business section, and stopped in front of the First State Bank, where several minutes were spent in discussing plans for obtaining some provisions and gasoline for a trip to the Methodist Encampment.

In a short time the warden appeared on the scene, and told the prisoners that the last one back to the school building was a rotten egg. By 11:35 all the prisoners were back in their cells.

Although the reason for the break is unknown, it is thought by authorities that the break was caused by dissatisfaction because some of the inmates had been given a one-day parole.

Junior History Rolled Back To First Grade

There seems to be about fifty-three peppy Juniors in the class of 1934. The Juniors have a very colorful past; however, their future will more than likely be more colorful and full of important events.

These Juniors have always given C. H. S. "a break." These are some of those who started their educational career in the Canyon Public School system:

Robert Orton, Jack Oldham, Mable Schmitz, Arneta Kirkpatrick, Winnie Dee Hicks, Roy Phillips, Kenneth Black, Mildred Clounch, and Mary Jean Mickle.

Among those that started in later years are: Rubye Foster, Tommy Lair, Cecil O'Donald, O. M. Solomon, Helen Elizabeth Bowman, Lorenzo Wirt, Jewell Chambers, Gladys McBride, Wilma Price, Chris Wooten, Joe Winstead, and Mary Ella Lowe, started in the second grade.

Edith Steen and Jackie Pitts started in the third grade.

Those who began in the fourth grade were Mary May Harrison, Thelma Bryant, Carl Prichard, Wade Johnson, Bud Meyers, Yvonne Thomas, Ruth McCrerey, Margaret Croson, and Frances Gill.

Frances Goggans was the only pupil that entered in the fifth grade, and she has not attended the school regularly.

Florence Root and Lorene Bessire entered in the sixth grade.

Curtis Elliston, Rowena Lockwood, and Lorna Cone entered in the seventh grade.

Hampton Lisle, Bill Cone, Ed Brooks and Lawrence Fulton entered C. H. S. when freshmen.

Dellas Zachry and Frieda Lowrie entered in the ninth grade.

Katherine Hill, Mayben Howard, Margaret Nichols, Claudia Fae Teal, T. S. Stevens and James Butler entered this year when juniors.

This is not all the class has given to the high school; however, it has entered into the literary field of events. Mary May Harrison won second in the finals for Junior Declamations when in the seventh grade. Irene Thompson made the main debate team this year, and Mary Ella Lowe won a cup twice in extemporaneous speech. Robert Orton made the boys main debate team for 1934, and he did notable work in extemporaneous speech in 1933.

Foster Chosen Assistant Editor of the Paper

The co-editors and assistant editor for the next year's Eagles Tale were chosen Monday afternoon. Bill Cone and Hampton Lisle are to be co-editors and Rubye Foster is to serve as the assistant editor.

During the edition of the paper for 1934, Hampton, Bill and Rubye have each edited the paper one time, while Hampton edited this Junior edition of The Eagles Tale. Both boys began work on The Eagles Tale during 1932, and Rubye started work on the paper during 1929.

Hampton Lisle was given a small shoe as a reward for his excellent work in track last year. He competed in the District Track Meet for 1934, but he was defeated. He placed fourth in the 440 and broad jump for the News-Globe track contest. He received a football sweater for his excellent work on the team, and he will probably be a main player on the '35 Eagles team. Hampton has taken five subjects this year and has served as assistant editor of The Eagles Tale.

Bill Cone

Bill Cone won the honor of making the best grades of any boy in the seventh grade class. He was elected vice-president of P. H. S. P. A. Bill and Hampton plan to attend the Interscholastic League Press Conference, May 4 and 5 at Austin. Bill is the Junior representative for the student council.

Ruby Foster

Ruby Foster is a Junior. At present she is in Austin representing the first year home economics of Canyon at the meeting there. She is also a member of the orchestra.

The junior class has more representatives on The Eagles Tale staff than has any other class and the decisions for editors and assistant editor were closely contested ones.

The following students will probably be reporters for next year's paper: Lorene Bessire, Mary Ella Lowe, Ruth McCrerey, Winnie Dee Hicks, Frieda Lowrie, Jack Oldham, Arneta Kirkpatrick, Thelma Bryant, and Mary Jean Mickle.

Amarillo Defeats Canyon Girls In Volleyball Meet

Perhaps you noticed the Canyon Independent School District bus roaming around over Canyon Saturday morning, April 15. Well, it was chasing down the members of the volley ball team. After it had loaded in Thelma Bryant, Geneva Whitman, Ruby Guthrie, Arneta Kirkpatrick, Athalee Overton, Armor Lee Greenfield, and Coach Ann Smith, it started to Amarillo to go by Haney after Katherine Hill. After the girls' early morning breakfast had been thoroughly shaken up, they arrived at the Badger gymnasium just in time to draw Amarillo, much to their regret.

Amarillo defeated Canyon in the first two games; so the Canyon girls went to town just for fun, thanks to good natured Mr. Ike Steen, the bus driver.

Athalee and Armor Lee remained in Amarillo to do some shopping. Miss Smith stayed because she had some business to transact; so, the bus rattled rather emptily on the return trip to Canyon at 1:30 p. m.

Donnell Foster entertained Sunday afternoon at his home with a birthday party. Those present were: Billie Davis, Danny Gillham, Anna Lee Gillham, Howard Boling, Helen Johnson and E. Burroughs, Junior.

Margaret Croson visited with her sister who lives near Lubbock, last week end.

Ruby Foster was in Amarillo Saturday.

EDITORIAL

Did a man ever build the best house it was possible for him to build? Did any man ever write the best book he was capable of? Did a merchant ever run his business to the ultimate best of his capacity?

Almost everyone gives a little less than he has. Some men come close to their limit, and they are the men we admire and look up to. But most men don't. They slouch through.

There is not so much difference between people as the greatness of Abraham Lincoln and the unimportance of John Smith would make you think. John Smith could be a rather big fellow, too, if he would buckle in and do the very best that is in him. Failure doesn't mean lack of ability; mostly it means a man doesn't use more than half the tools in his chest.—Sunshine Magazine, April, 1934.

Mrs. Page Entertains Press Club With Chili Supper

Mrs. Elizabeth Fry Page entertained members of the Press Club of Canyon High School Friday evening at 6:30 with a Chili supper at the Little House of Fellowship. Music was furnished by Robbie Foster. Interesting features of the entertainment were games and accounts of travels at home and abroad by the group.

Those present were Mary Ella Davis, Rubye Foster, Thelma Bryant, Mildred Shuman, Arneta Kirkpatrick, Nell Slaton, Geneva Whitman, Lorene Bessire, Robbie Foster, Miss Lois Goodrich, sponsor; Jack Oldham, Bill Cone, Ruth McCrerey, and Miss Ozie Loftis and Mrs. Page, hostesses.

Latin and Spanish Classes Picnic at Bourn Farm Tues.

The Latin Club and the Spanish classes picnicked at the Bourn farm, Tuesday, April 24.

The picnickers met on the steps of the high school building at 5:30 Tuesday evening and were driven in trucks and cars to the Bourn farm. Outdoor games were enjoyed until the picnic supper was eaten.

Each member had brought his own lunch. These were all placed together, giving an extensive variety of foods. Ice cream was then served as a dessert.

The party returned to town via the automobiles, after dark had fallen.

Approximately thirty Spanish and Latin students attended.

competent non-professional archaeologist in the Southwest."

Although there is a chair of anthropology at the University of Texas, Mr. Hill pointed out, it services are not available to student teachers, such as the proposed division at Canyon would be.

Archaeology is the study of the culture and customs of ancient peoples, thru discovery of their monuments and relics. Paleontology is the study of fossils.

Many Interesting Relics

Excavations have brought to light many interesting relics of early civilization in the Plains region, and have uncovered fossils of life millions of years ago that might tell strange tales of what the Panhandle used to be.

Mr. Hill also was a member of a committee of two—the other member was Henry Pauls of Yoakum—that presented the application of Texas State Teachers Colleges for PWA projects in several of the institutions. The principal items on the list are boys' dormitories for the colleges at Canyon, Denton and Alpine. Mr. Hill said it will take several weeks before final authorization will be possible, and that it will depend upon the next congressional appropriation for PWA funds. However the petition is on the pending list of projects.

Legislature, I have at all times taken my stand for the strictest economy in the operations of the State Government. The 43rd Legislature reduced the amount of appropriations for the State Government by over $11,000,000.00 for the biennium ending August 31, 1935. It was my privilege to cooperate with the majority of the present members of the Legislature in bringing about the above reduction.

Major Committees

"My membership of four major committees during all Sessions of the 43rd Legislature has permitted me to take an active part in the writing of much very important legislatuon, and, I shall continue to take an active part in all proceedings of the Legislature as long as I am a member of same, and if the voters of this District are satisfied with the service I have rendered them in the Legislature and continue me as their representative, the fact that I have been again entrusted by them to represent them in the Legislature will add much to my opportunity to be useful in the Legislature.

Bills Introduced and Sponsored

"As to my ability to successfully represent this District in the Legislature, I believe I can, with some satisfaction, refer the voters to my record in that body. I was author, co-author of, or sponsor of, the following bills in the House:

"House Bill No. 68, which abolished the 114th District Court at the request of the citizens of Carson County.

"House Bill No. 82, which had for its purpose the placing of Armstrong County under the stock law.

"House Bill No. 546, which amended an article in the statute which prohibited the placing of a baggage car either in front of or in rear of a passenger car. This bill was introduced at the request of the National Guard of the State of Texas, and is very beneficial to all National Guard Units when said National Guard Units are moving to and from camp.

"House Bill No. 231, known as the Greathouse Moratorium Bill.

"House Bill No. 775, which bill restored civil jurisdiction to the 47th District Court located in Potter County. This bill was passed at the request of the Bar Association of Amarillo, Texas.

"Senate Bill No. 532, which bill authorized Texas State Park Board to acquire State Park sites which made possible the placing of several Government Re-forestration Camps in the Palo Duro Canyon.

"Senate Bill No. 146, which had for its purpose the validating of certain school districts.

"Senate Bill No. 527, which reset the terms of court for the 84th Judicial District.

"Senate Bill No. 145, which defined the offense of tapping pipe lines.

Bills Supported

"I was active in the passage of the following bills:

"House Bill No. 247 Gasoline Tax Enforcement Law.

"House Bill No. 263 Funds for County Highway Indebtedness.

"Senate Bill No. 144 Extending payment of Auto Fees.

"House Bill No. 15 Regulating highway traffic and abolishing chauffeur license requirement for farmers.

"House Bill No. 49 Repealing Auto Headlight Law.

"House Bill No. 298 Repealing Farm Statistics Law.

"Senate Bill No. 416 Bank Moratorium Law.

"House Bill No. 150 Anti-Deficiency Judgment Law.

"House Bill No. 28 Repealing Marriage License Law.

"Senate Bill No. 195 Congressional Redistricting.

"House Bill No. 19 New 54-Hour Law for Women.

"Senate Bill No. 472 Summer School Appropriation for West Texas State Teachers College.

"Senate Joint Resolution No. 2 Abolishing Constitutional Fee System.

"Senate Bill No. 262 Delinquent Tax Relinquishing Act, releasing interest and penalty on all delinquent ad valorem and poll taxes.

"Senate Bill No. 191 Interest Bearing Warrants for Teachers.

"House Bill No. 166 Educational Appropriation Bill for West Texas State Teachers College, located at Canyon, Texas.

"Active in defeating the Anderson- Metcalf-Hughes Bill which would have abolished West Texas State Teachers College.

"Active in retaining 4¢ gas-refund for the farmers which was seriously threatened.

"Active in the passage of bill which reduced license fees on light trucks used only by farmers for hauling their own products.

Taxation

"I supported the Constitutional Amendment which limits the amount of money any Legislature may appropriate for any biennium to not exceed $22.50 per capita. This amendment has the necessary safe-guards to take care of the emergencies that may arise. Such a provision in our Constitution will go a long way towards holding down future expenditures. This amendment will be on the ballot in the General Election this year for your approval or rejection. I expect to co-operate with the members of the forty-fourth Legislature, if a member of that body, in bringing about a more equitable distribution of the burden of taxation. My policy has been: 'No new taxes unless some of the present taxes are removed, or an adjustment of present system be made.'

Education

"I have always favored a suitable and ample state's scholastic appropriation for school purposes, as the various school districts usually need money, and the State can raise it better than the districts can. I fully realize that our schools have suffered during the present depression, but the 43rd Legislature has done its part towards giving the school system its share of the revenues; and those who are familiar with the record know that the schools greatly benefitted by many acts of the recent sessions. They reap large benefits from the law that brought about better enforcement of the gasoline tax, cigarette tax, diversion of the cigarette tax, and the enactment of a tax on beer, and other benefits that the record will show. I supported these measures for the reason that I believe that every child in this State should at least have the opportunity to get a high school education.

"Among other things, I favor a policy to keep the State's general running expenses to a reasonable figure. In the Forty-third Legislature I actively supported a bill which would have reduced the State Property Tax Rate from 77c to 57c on the $100.00 valuation. I have always believed that the best way to cut down taxes is to eliminate the unnecessary expenses in the operation of this government, because every saving, by reduction of expenses, is a saving of taxes.

"I believe that I know the problems of the citizens of this District, and I have attempted at all times during my service in the Legislature to serve the interests of all and to show no fear nor favoritism, and, above all to be fair and just to everyone in casting my vote on pending measures.

Past experience carries a certain degree of leadership and seniority in legislative matters, which should enable me to render better service in the future than in the past; and, I appreciate having served you as your representative in the Legislature of the Great State of Texas, and if re-elected, for a second term, will consider it an expression of your confidence in me to serve you, and will do all in my power to meet that confidence.

"I expect to canvass the District before the Primary and will certainly be glad to meet and talk with the people of the various counties, which make up my District; however, should I fail to see you, I want you to consider this article as my personal solicitation."

Respectfully,
H. K. STANFIELD.

Library Books Are Needed As People Use Facilities

Do you have a book or old magazines dealing with radio, electricity, machines, simple wood working plans, or other things that boys and girls can use to help them spend their spare time. If so, the Public Library would like to have them, for many calls come each day for these things, according to Miss Fannie Malone, the librarian.

Other things for which there have been many recent calls are copies of Popular Mechanics Magazine, Plays by Eugene O'Neal, History of the XIT Ranch, by Evetts Haley, Anderson's Fairy Tales, Anthony Adverse, Dandelion Cottage, Ann Vickers, Disraeli, Secrest Garden, and just any mystery stories.

For tiny visitors at the reading room, Mrs. Carl Scott has made an attractive scrap book. Marcia Batchelder, herself a little girl, has presented the following books, all illustrated, to the children's shelf: "Mickey Mouse the Mail Pilot," "Jack Pumpkinhead," "The Gingerbread Boy," "The Little Red Hen," "Little Black Sambo," and "The Three Bears."

There have been a number of books for adults presented during the past few weeks: Mrs. Jim Green donated "If Winter Comes" by Hutchinson, and "Surry of Eagles Nest" by Cooke; Clyde W. Warwick gave "The Contribution of Robert Bartow Cousins to the Educational Development of Texas."

From Mrs. Carl Scott came "Imperial Palace," by Bennett, "The Good Earth" by Pearl S. Buck, "Gallows Orchard" by Spencer, and "Doctor Serocold" by Ashton.

The library has more visitors every day. It will not be open Saturday afternoon, April 28, as the Home Demonstration Clubs will be using the room for their monthly council meeting on that day.
